

Doc Swinson's Alter Ego Rum Cask Solera Aged Rye Whiskey

All three layers of Doc Swinson's Solera Pyramids

Fun Fact:

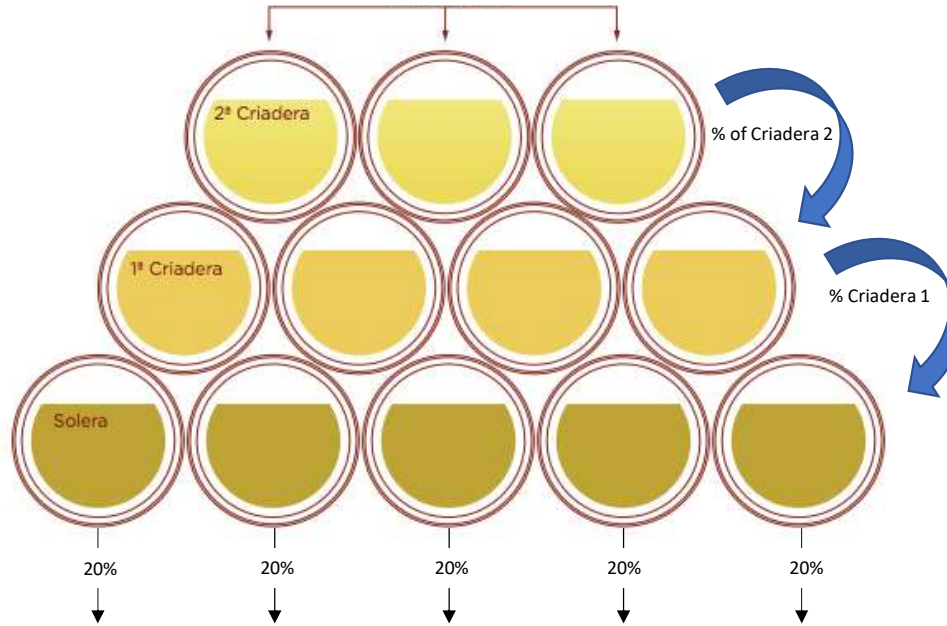

We make our own rum casks for the Soleras at the Doc Swinson's facility in Ferndale, WA!

Once we dump the Bourbon for the Triple Cask Bourbon, we replace the juice with our own Rum blend consisting of Rums out of, St. Croix, Trinidad, Venezuela and Jamaica. These rums sit in the barrel anywhere between 2 month and... still counting(5years)!

When we are ready to add barrels to the solera, we dump the Rum and add these barrels into the Rum Cask Solera to continue to age Doc Rye Whiskey!

Doc Swinson's Rye Blend:

- Aged a minimum 5 years
- 95% Rye & 5% Malted Barley
- 51%Rye, 45% Corn & 4%Malted Barley

Blend then Bottle the Rye pulled out of the Bottom Solera
